# A.S.M. ABDULLAH

## CAREER OBJECTIVE

Motivated and detail-oriented individual seeking a challenging position where I can utilize my skills in web development, problem-solving, and collaboration. With hands-on experience in Laravel, React, and Vue, I aim to contribute to innovative projects while continuously growing professionally. Open to both remote tech roles and other dynamic opportunities that value dedication, adaptability, and continuous learning.

## WORK EXPERIENCE

### Software Engineer

#### Ontech ICT Ltd

(Present)  
Dhaka, Bangladesh

### Web Developer

#### Rebna Global Ltd

Rangpur,  
Bangladesh

## Project Experience Overview

### 1. Human Resource Management System (HRMS)

Developed a full-featured HRM system including employee records, payroll, attendance, leave management, departments, performance tracking, and reporting.

**Tech Used:** Laravel, Vue.js, MySQL, REST API, Bootstrap

### 2. Content Management System (CMS)

Built a dynamic CMS for managing website pages, blogs, galleries, menus, and SEO-friendly content. Included role-based access and media uploads.

**Tech Used:** Laravel, TinyMCE, Blade, jQuery

### 3. Wholesale Accounts with HR Management

Integrated HRM with accounting modules for wholesale business operations — including product inventory, supplier/customer accounts, invoices, payments, and salary disbursement.

**Tech Used:** Laravel, MySQL, Vue.js

### 4. Pharmacy Store Management with POS

Created a complete pharmacy solution for medicine inventory, sales, purchases, expiry alerts, barcode-based billing, branch tracking and POS interface.

**Tech Used:** Laravel, AJAX, jQuery

### 5. POS System Management

Developed a general POS system supporting product management, dynamic cart, sales history, stock tracking, and printable invoices.

**Tech Used:** Laravel, MySQL, React.js

### 6. Education Management System

Developed an academic management platform including student registration, results, attendance, teachers, and class scheduling modules.

**Tech Used:** Laravel, MySQL, jQuery

### 7. Online Newspaper Management

Implemented a digital newspaper system for article publishing, categories, ads, user roles, and breaking news display.

**Tech Used:** Laravel, Vue.js

### 8. Blood Donor Web Management

**Tech Used:** Laravel, Vue.js, MySQL

## PROFESSIONAL CERTIFICATE

- Web Application Development (PHP, JavaScript, Laravel, React, Vue) –  
IsDB-BISEW IT Scholarship Program
