PROFESSIONAL SUMMARY

Full-Stack Web Developer with hands-on experience building production systems in Laravel, React, and Vue.js. Skilled in designing RESTful APIs, relational databases, and custom dashboards across HR, POS, CMS, and education domains. Comfortable working remotely and collaborating across distributed teams, with a strong focus on writing maintainable, well-tested code.

TECHNICAL SKILLS

Languages: PHP, JavaScript

Frameworks & Libraries: Laravel, React.js, Vue.js, Next.js, Bootstrap, Tailwind CSS, jQuery

Databases & APIs: MySQL, RESTful APIs, AJAX

Tools: Git, GitHub, Gitlab, Docker, cPanel, TinyMCE, MS Office

Specialties: Full-Stack Web Application Development, Custom Dashboards, POS Systems, Remote Team Collaboration

PROFESSIONAL EXPERIENCE

Software Engineer

Present

Ontech ICT Ltd. | Dhaka, Bangladesh

- Developed a full-featured Human Resource Management System (HRMS) covering employee records, payroll, attendance, leave management, departments, and performance reporting (Laravel, Vue.js, MySQL, REST API, Bootstrap).
- Built a dynamic Content Management System (CMS) for pages, blogs, galleries, and SEO-friendly content with role-based access and media uploads (Laravel, TinyMCE, Blade, jQuery).
- Integrated HRM with accounting modules for wholesale business operations, including inventory, supplier/customer accounts, invoicing, payments, and salary disbursement (Laravel, MySQL, Vue.js).
- Created a pharmacy management solution with medicine inventory, purchases, expiry alerts, barcode billing, branch tracking, and a POS interface (Laravel, AJAX, jQuery).
- Developed a general-purpose POS system supporting product management, dynamic cart, sales history, stock tracking, and printable invoices (Laravel, MySQL, React.js).
- Built an academic management platform with student registration, results, attendance, teacher records, and class scheduling (Laravel, MySQL, jQuery).
- Implemented a digital newspaper platform with article publishing, categories, ads, user roles, and breaking-news display (Laravel, Vue.js).
- Delivered a blood donor management web application (Laravel, Vue.js, MySQL).

Web Developer

Rebna Global Ltd. | Rangpur, Bangladesh

- Contributed to web application development using Laravel, React, and Vue.js, supporting feature development, debugging, and performance optimization across client projects.

CERTIFICATION

- Web Application Development (PHP, JavaScript, Laravel, React, Vue) — IsDB-BISEW IT Scholarship Program
